HOW TO READ THIS PAGE :

- KPIs summarize the largest, smallest, and most dominant category.
- The table lists every category with its size and financial averages.
- The duration chart shows time units per category.
- The Free vs Paid bar shows the fee structure per category.
- Sidebar filters apply to all visuals; click a bar or row to cross-filter.

13

HOW TO READ THIS PAGE :

- KPIs summarize the time range covered and posting volume.
- The line chart shows monthly trends — note the batch-posting pattern.
- The bar chart aggregates by year — 2023 and 2024 were peaks.
- Use sidebar filters to see trends for specific categories or locations.
- Click any month or year to cross-filter the other visuals.

KEY OBSERVATION:

- Posting activity peaked in 2023–2024 (~2,100 opportunities per year), then dropped by more than half in 2025 (895) and continued declining into 2026 (partial year, 556 through May).

HOW TO READ THIS PAGE:

• Donut: overall location split

• Bar: category × location mix

• Table: counts + avg scholarship

• Filter and click any bar/slice to cross-filter

KEY OBSERVATIONS:

• ~74% of opportunities remote (WFH + Virtual)

• Only 1 physical location (Kolkata) - ~25% (1,455) records have no location — excluded

• Location was cleaned during Week 1–2 (variants merged, placeholders removed)

	Location	Opportunities	Avg Scholarship

HOW TO READ THIS PAGE:

- KPIs summarise the fee split and scholarship benchmarks
- Donut: overall Free vs Paid opportunity distribution
- Category chart: average microscholarship value per category
- Currency chart: which currencies are used across the dataset
- Duration chart: how frequently each time unit appears

KEY OBSERVATIONS:

- About 79% of opportunities are free; only ~21% require a fee
- Most awards use the standard microscholarship of 120 (~65% of records)
- USD dominates the currency mix at ~82%, with INR and EUR much smaller
- Weeks is the dominant duration unit, used in around 75% of opportunities
- Extreme numeric outliers were treated as null during Week 1–2 cleaning
